

Prepaid Israeli SIM

Thank you for buying at prepaid-israeli-sim.com

The Cellcom SIM card is active and the default language is set to English, just insert the SIM into any unlocked phone and your good to go, to change the default menu language dial *777 ext. 9.

Now you have your own permanent Israeli cell phone number, the SIM card is yours to keep and will stay valid forever as long as a call or text message is sent or received once per year, data usage will also keep the SIM card active.

MAKE SURE YOUR PHONE IS UNLOCKED !

Cellular Internet : Using the SIM for DATA without a DATA plan is ₪3 per day for up to 10MB or ₪10 per day for up to 50MB. You can Topup with a data plan from 5GB to unlimited, valid for 30 days. If your balance is under then 3₪ the 3G DATA service will not be available until you refill.

Internet APN settings : Name - Cellcom 3G APN - internetg
IF YOU DID NOT BUY A DATA PLAN DISABLE DATA SERVICES ON YOUR DEVICE OTHERWISE THE PHONE WILL CONNECT TO THE INTERNET AND PAY AS YOU GO.

Checking voice mail : To check your voice mail or change your greeting message Dial *80 from your phone, or hold down your '1' key, your default password is 1234#, the instructions will guide you through the voice mail menu.

Choosing the system language : When you receive your SIM card it will be setup for English however if the menu language gets reset or if you wish to change the language dial *777 ext. 9 then choose a language (1) Hebrew, (2) Arabic, (3) Russian, (4) English, (5) Chinese.

To check your account balance : Dial *777 from your Cellcom SIM card (this is a free call), press 2 to hear the balance or press 3 to get your current balance sent to you by SMS, there is a 0.35 Agorot service fee for the SMS.(There is no other way to find out your account balance!)

Dialing International : For direct international dialing with your Israeli SIM card dial using the 018 prefix followed directly by the country code - for example, dial the USA as follows: first dial 018 then dial 1 for the country code and the phone number 018 1-(555) 555-5555

International texting : Dial the plus + sign then the country code followed by the phone number, for example, SMS the USA dial: +1(555)555-5555, MMS messages cannot be sent to international lines.

Making local calls : Israeli phones must have a 0 first, i.e. dial 02-XXX-XXXX for Jerusalem landlines. Cell phones also need the 0 in their prefixes. i.e. 052-XXX-XXXX or 054-XXX-XXXX
